did last year. Even though the beginning fund balance increased by approximately \$36.28million, other factors have provided for only a current net benefit to the district of \$13.1million of that increase

The next table shows the reconciliation between the district's cash and investments and the district's fund balance in the general fund as April 2020. This shows the interrelationship between the district's fund balance and the district's primary asset of cash and investments that can be drawn on to meet the immediate obligations of the district.

Federal, General Purpose This revenue comes from: (a) direct federal funds for Reserve Officer Training Corps (ROTC), (b) funds related to the harvest of federal forest lands within the district's boundaries, and (c) federal lieu-of-taxes.

This revenue fluctuates and is difficult to project.

Federal, Special Purpose This revenue is provided by the federal government to support programs for special needs students and others needing help with reading and math (federal grants).

The majority of federal revenue is received on a reimbursement basis; the district submits claims for reimbursement as expenditures are incurred. Thus, over time, there is no net impact to the district's budget.

However, currently, federal funding of special education is down about \$1.4 million but federal Title I (remediation) is up about \$1.5 million. Federal food service revenue is down about \$200,000. Overall, then, the difference in this federal special purpose funding is indicated by increases in Title III (Limited English Proficiency) and two new lists of MC BTn [(a)4 (nd ci)6(nd ci)6(nd ci)6(nd 2.16 -1.32 Td [(m)-6 (at)(aillio)3.1
